

My Family Members

How to use: Print first for the main practice. Then use the device to repeat activities and save progress.

LEARNING OBJECTIVES

- 1 Name the people in my family
- 2 Describe what each family member does
- 3 Use words like sibling and grandparent

MINI LESSON

Your family is one of the most important groups in your life — these are the people who love and care for you every day!

Who is in a family?

- A family can have a mom, a dad, brothers, sisters, grandparents, and more.
- Example: Mom and Dad are the parents — the grown-ups who take care of a child.
- Families come in all shapes and sizes. Some families are big; some are small.

Brothers, sisters, and siblings

- A brother is a boy who shares the same parents as you.
- A sister is a girl who shares the same parents as you.
- Together, brothers and sisters are called siblings.

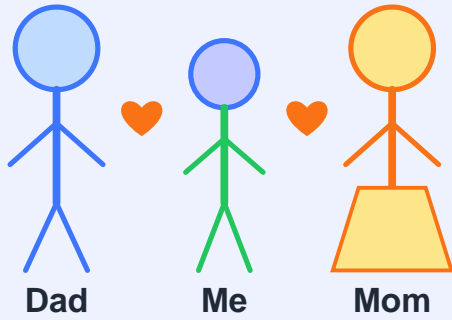

Grandparents

- Your grandma (grandmother) is the mother of your mom or dad.
- Your grandpa (grandfather) is the father of your mom or dad.

What do family members do?

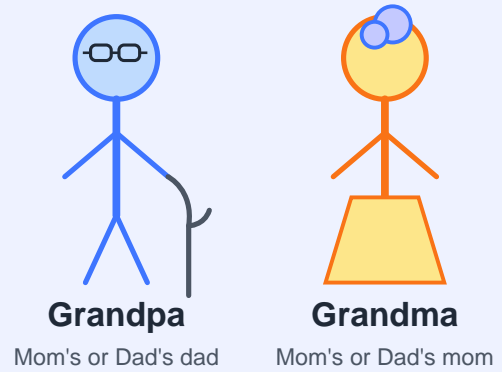

- Parents keep children safe, healthy, and loved.
- Every family member has a role — a special job they do in the family.

My Family

Families love and care for each other!

Grandparents

! Ask yourself: "Who are the people in my family? What is each person's role? Do I have any siblings or grandparents?"

TRACING PRACTICE

Trace each word, then copy it twice on the lines below.

EXERCISES — MULTIPLE CHOICE

1. What do we call the group of people who live together, love each other, and care for one another?

- Neighbors
- Family
- Classmates

2. What do we call the woman who takes care of a child and the home?

- Sister
- Aunt
- Mom

3. What do we call the man who takes care of the family?

- Brother
- Dad
- Grandpa

4. What are brothers and sisters called together?

- Cousins
- Grandchildren
- Siblings

5. What do we call your parent's mother?

- Aunt
- Grandma
- Cousin

6. What do we call a boy who has the same parents as you?

- Cousin
- Uncle
- Brother

7. What do we call a girl who has the same parents as you?

- Sister
- Niece
- Aunt

8. What is your parent's father called?

- Uncle
- Grandpa
- Cousin

9. What do parents do for their children?

- They play all day and do no work.
- They keep their children safe and care for them.
- They only cook meals and nothing else.

10. How can families look different from each other?

- All families look exactly the same.
- Families always have two parents and two children.
- Families can be big or small, with different members.

ASSESSMENT

PARENT / TEACHER CHECKLIST

- Points to a family member in a picture and correctly names their role (mom, dad, brother, sister, grandma, or grandpa).
- Matches at least 5 of the 6 family role cards to their descriptions without help.
- Uses the word "sibling" correctly when talking about brothers and sisters.
- Names at least three members of their own family and says what each person does.
